

## PartsBox Engine Warranty

This warranty only applies to the original purchaser for private, NON-COMMERCIAL use, and to the vehicle in which the product was originally installed and/or used and is not transferable. In the event of a warranty failure, PartsBox will repair, replace, or refund the purchase price, at our discretion. Warranties are limited to the retail price paid for the product and begin from original purchase date. Labor is not considered or offered on any salvage product. The warranty is limited to part replacement only. Thank you for your purchase of a recycled engine from PartsBox Online. Although we are offering a "Long Block" (engine block and cylinder head), certain accessories may be included with your engine. These items, although provided at no charge, are not covered under your limited warranty. Items such as manifolds, intake and exhaust, sensors, and other electrical components may look similar, but may not always be correct for your specific application. You must always be sure to use the correct parts for your vehicle, even if it means transferring them from your old engine. ONLY the components listed in this section (NO LABOR) are covered under the standard warranty for engine replacement for 90 day from the date of purchase:

Cylinder Head(s)

Engine Block

Crankshaft / Camshaft

Pistons

Oil Pump

Engine Timing Components (Timing Belts are not covered and should be replaced prior to installation)

### For the standard warranty to be applicable, the following must exist:

Transportation to our shop is the purchaser's responsibility. In some cases, Parts Box may elect to have possible defects inspected by a qualified repair facility of our choice. If the engine is found to be defective, Parts Box will provide or cover the cost of parts, provide another engine, or issue a full refund not to exceed the amount invoiced. Seller's liability will not exceed the amount invoiced.

No verbal or implied guarantees are honored. All guarantees are void if failure is caused by faulty installation, low fluid levels, abuse, overheating, or faulty electrical or computer devices. Once the engine is installed by a licensed automotive shop, please email the invoice for our records. In order to validate the warranty, certain parts must be replaced or serviced prior to installing the replacement engine. Those items include: Front and rear oil seals, thermostat and coolant, clean the oil pan and pickup tube, replace the timing belt and tensioners if needed, check and replace if necessary; belts, hoses, sparks plugs and wires, replace flywheel and flywheel bolts, change oil, oil filter, air filter, and fuel filter, service cooling system, flush or replace radiator. The engine oil and filter needs to be replaced every 4,000 miles, and documented. Please give us a call if there is a problem with your purchase.
